PROFESSIONAL SUMMARY

Architect with a strong background in both design and construction, combining site experience with project management knowledge. Currently working **on-site to gain hands-on experience** in Architectural detailing, Constructability and consultant coordination. Also I am currently pursuing **MSc in Construction Project Management** at Heriot-Watt University, which enhances my skills in planning, compliance and multi-disciplinary collaboration. Experienced in **AutoCAD, Revit, and Primavera**, with a focus on creating designs that are realistic, efficient and execution-ready. My experience in contracting gives me a deep understanding of design feasibility, coordination with consultants and ensuring smooth project execution, and aiming for **Architect** roles with passion in Industry transformation

EDUCATION

📍 Heriot-Watt University, Dubai (2024 - 2026)
MSc in Construction Project Management

📍 University of Engineering & Technology Peshawar, KPK (2019 - 2024)
Bachelor's Degree of Science in Architecture

Nashwan General Contracting – Architect Engineer (Junior/Assistant Project Manager) (Nov 2014 – Present, Dubai)

Working as an Architectural Project Engineer and assisting the Project Manager on a commercial building project (16 floors + 2 basements) in Dubai Healthcare City and villas in Nad Al Sheba 4.

➤ Commercial Building Project (Dubai Healthcare City):

- Handled architectural design and technical coordination for a 16-floor + 2-basement commercial building.
- Created detailed drawings and shop drawings for authority approvals.
- Collaborated with consultants and contractors to enhance constructability and reduce clashes regulations and provided site insights in meetings. (Under PM)
- Supported site safety, quality assurance, and timeline monitoring under the Project Manager.

➤ **Villa Project (Nad Al Sheba 4):**

- Managed Architectural design and coordination for residential villas (Under PM).
- Produced detailed drawings and shop drawings for authority approvals.
- Worked with consultants and contractors to optimize design and minimize rework.
- Ensured adherence to Dubai Municipality standards and contributed site insights in meetings. (Under PM)
- Assisted with safety, quality control, and schedule oversight under the Project Manager.

Architects & Engineers Design Consultant – Architectural Designer (Internee)
(Jan 2022 – Mar 2023, Islamabad Pakistan)

➤ **Managed the following tasks as an Internee:**

- Assisted with safety, quality control, and schedule oversight under the Project Manager.
- Supervised Construction Sites to ensure compliance with Design Standards and Project Timelines.
- Managed 3D Modelling and Rendering to support Design Presentation and Project approvals.
- Oversaw CAD Drafting and Interior Designing to create Functional and Aesthetically pleasing spaces

TECHNICAL SKILLS

- **Software:** AutoCAD, Revit, Sketch Up, Lumion, V-ray & Enscape, Primavera, Photoshop, Corel Draw, QGIS, Microsoft Office, etc. **(Revit, Cad & Sketch Up focused more)**
- **Construction Management:** Finishing Works, Site Coordination, HSE Compliance
- Architectural Designing (Cad/2D drafting, Detailed Drawings & 3D modelling), Interior Designing (Specification Drawings)
- **Quantity Surveying:** BOQ, Cost Estimation, Variation Orders
- Knowledge of FIDIC **(White & Red Book)**, Building Regulations **(DM)** & Project Management **(PMBOK 7th edition)**

CERTIFICATIONS & MEMBERSHIPS

- Registered with **PCATP (Pakistan Council of Architects & Town Planners)**
- NEBOSH
- Experience Certificates, Dubai Driving License & Residence Visa
- FIDIC Contract Management & PMP Certification (In Progress)
